

Re-opening of Medical Centre at Prince's Building

We are proud to announce the re-launch of Drs. Anderson & Partners and the re-opening after the major renovation of the flagship medical centre at **501 Prince's Building, Central**.

This flagship medical centre provides comprehensive and one-stop medical care services, including health screening, family practice, paediatrics, obstetrics and gynaecology, orthopaedics, internal medicine, and other specialties. The centre is also equipped with two minor operation theatres to address to the growing needs of day surgery, as well as a dental section providing general practice and specialty dental care.

For appointment booking and enquiry, please call 2523 8166.
